About Me

Product Designer with 4+ years of experience in SaaS, e-commerce, dashboards, and web/mobile interfaces. I design clear interfaces for complex digital products: from user flows and prototypes to preparing design files for development.

Education

International Hellenic University

2018-2022 гг.

Civil Engineering

Ural Federal University

2009-2014 гг.

Economics and Management

Work Experience

Freelance

Feb. 2026 – Present

Designed UI/UX for SaaS, real estate, and maritime logistics projects: web/mobile interfaces, user flows, wireframes, prototypes, and design files prepared for development.

Redcase Software

Май 2022 г. – Январь 2026 г.

Worked on large e-commerce projects, SaaS dashboards, CMS interfaces, and landing pages for products with a large user audience. Designed user flows, wireframes, high-fidelity mockups, and interactive prototypes in Figma. In addition to product design, worked on the visual side: UI graphics, banners, promo blocks, and marketing assets. Conducted UX audits, improved user scenarios affecting conversion and retention, and prepared designs for development through specifications, screen states, and edge cases.

Freelance

Sept. 2021 – May 2022

Created web design, brand identity, and marketing materials. Managed projects from brief to final asset preparation.
